SPECIAL PROJECTS

Fashion Project | Oxford, OH
Designer, Documentary, Producer

January 2026 – Present

- Directing a short documentary featuring student interviews and design processes to highlight the process of designing an original product and the talent behind it.
- Recorded and edited hours of footage into a cohesive documentary narrative.
- Designing a unique outfit that expands the boundaries of fashion design.

Senior Capstone | Oxford, OH
"Ghosting Assistance Website"

August 2025 – December 2025

- Engineered a responsive web platform utilizing external APIs and modern development tools to assist users in navigating digital communication challenges.
- Documented key technical hurdles regarding API integration and UI responsiveness, transforming unfulfilled project goals into a structured "lessons learned" framework for future development cycles.
- Leveraged insights from technical constraints encountered during this development phase to inform the architecture and scalability strategies for subsequent software projects.

Collaborative Lab IMS 228 Course | Oxford, OH
"Ghosting Project"

February 2025 – May 2025

- Programming an ARHT Hologram to display anonymous messages, exploring innovative communication methods.
- Learning P5 programming to develop and implement interactive visual elements, expanding technical skills.
- Showcased the completed project at the Emerging Technology in Business and design Expo, demonstrating creative problem-solving and technical expertise.

RELEVANT EXPERIENCE

Giant Eagle Market District | Hilliard, OH
Curbside Shopper

December 2021 – Present

- Provided efficient and friendly service by assisting customers with inquiries, enhancing their shopping experience.
- Selected and packed grocery orders, ensuring timely curbside pickup.
- Verified product quality and packaging integrity to maintain high freshness and safety standards.

Miami University | Oxford, OH
Residential Assistant

August 2024 – May 2025

- Mentored 20+ first-year residents, providing academic and personal guidance to support student success.
- Organized regular events for 70+ students to include team building to enhance a sense of community on campus.
- Address noise complaints while ensuring a safe environment for all.
